

Welcome

Welcome to our worship at pack for Sunday 29th March.

This week is super exciting as we have a video message for you checkout the link [here](#). Like last time remember to light your candle as you start and remember the CD and choose one of the songs. Maybe try a new one that you don't yet know.

Here is the Beatitudes [link](#) Simon mentions

Blessed are the peacemakers, for they shall be called the children of God. Matthew 5:9

Find your bible, or your phone's bible app, or Google; Philippians chapter 4, verses 4-7

Paul was writing to the Christians in Philippi (If you can use Google Maps, find Filippi which is the modern name for this town) for lots of reasons, but one thing in particular was to encourage them as they were being persecuted because they believed in God. In the bible "peace" can mean lots of things. As well as being about being peaceful and not worrying about things, it can be used to refer to the loving relationship within a family or a community and is also used to refer to good health; all things that we could use right now aren't they?

These verses help us to see how God gives us his peace. Verse 4 tells us to rejoice, singing our worship songs is a way of doing that. Verse 5 talks about our gentleness, what do you think that means? Might it be the way you talk to your mum and dad, your brother or sister? Anything else? Then verse 6 reminds us to pray and talk with God. Doing some of these things are what leads us to experience God's special peace.

Have a go at today's craft. When you're done can you get a responsible adult to post a picture to the church facebook page?

Lord Jesus, help us to experience your peace. When we sing, when we pray, when we are kind, please show us what your peace is like in our hearts and our minds. Amen

Can you remember today's beatitude verse and tell someone what it is before you go to bed tonight?

How can we reduce conflict in our own lives?

Let's start by asking, what causes conflict? What things make us angry or frustrated?

Write some of them down here...

Now the tough question, why do those things get you worked up?

Be honest with yourself...

Can you jot down what each of these bible verses says God wants us to do...

James 1:19-20

Proverbs 15:1

James 4:1-2

Psalms 37:8-9

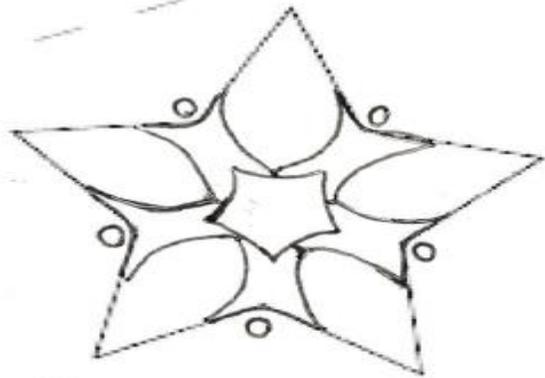

Proverbs 14:29

Can you find any other verses that show us how God helps us to deal with stuff that makes us frustrated?

Based on what the bible says, what one thing will you do differently to reduce any conflict that you cause?
