# Worship at Home

Hello Gorgeous People,

This week we have been thinking about Psalm 95 and the theme of the Psalm being **worship**. We have found as a family that at times getting together in the same room with everybody participating in the worship rather tricky. Somebody always gets grumpy. We always encounter a real change in the atmosphere in our house after we have worshipped together as a family. There is a lightness and joy in the atmosphere. Worshipping Jesus shifts the spiritual atmosphere in our homes.

Our midweek craft activity is to make some worship flags to use in our praise.

There are lots of worship songs you can use. 3 of our favourite YouTube channels for all age songs are;

[Bethel kids](#) especially for slightly older children

[New Wine](#) great for pre-school and KS1

[Soul Survivor](#) for teenagers

Maybe you could even hand them up when you have finished waving them.
