

'I am...' sayings of Jesus — Sunday 6th September 2020

'I am the way, the truth and the life'

(John 14)

Welcome back to Worship at Home!

It was great being able to adventure with God with some of you over the Summer holidays, but I'm also super excited to be back to our worship at home sessions too.

As we go back to nursery, schools and clubs maybe and continue to adjust to more careful easing of lockdown, we begin a new series of sessions together (online) now looking at how Jesus describes who He is. Did you know that there are seven big, bold and sometimes puzzling statements that Jesus made in his time on earth? He used these to explain to his disciples and now us too, who He is and how we can live our lives knowing more about Him, his character and what he wants us to do.

The first statement we are looking at together today is 'I am the way, the truth and the life' which can be found in John Chapter 14—why don't you light your candle and have a little look in the bible at this story together before we begin?

Then head over to the Home Worship section of the website and click on the video link to delve more into this action packed saying from Jesus.

There are activities there too, so have fun spotting differences, finding words and seeing if you can find your way through mazes!

Have a great week!

Nicola and the Worship at Home Team :)
